Promote Wellness

Enhance Productivity

www.ErgonomicsFirstllc.com

Ergonomics First LLC is a New Orleans based company that specializes in ergonomic evaluations and training, wellness programs and training, pre-work screens, functional job description development and assistive technology services. We help mid to large sized companies improve worker productivity, increase job satisfaction and reduce workplace injuries. Founded by a licensed physical therapist, certified industrial ergonomist and assistive technology practitioner, Ergonomics First offers insights to companies looking to improve worker productivity, by creating workstations, tools and tasks that result in safe and efficient work practices.

Ergonomics First LLC will help you:

- Improve Office Worker Productivity By 7 - 11%
- Decrease Workplace Injuries By Up To 80%
- Increase Job Satisfaction and Morale
- Decrease Worker's Compensation Expenses

Ergonomic Evaluations

Office Ergonomics

We provide a variety of risk reduction services scaled to the size of the company and scope of need. Our services include office ergonomic software, onsite assessment and training and a risk reduction technology specifically aimed at the unique needs of a call center or large office setting. Whether reactive, protective or proactive, we provide a simple cost effective strategy to improve ergonomics and efficiency in your office.

Transportation Ergonomics

We provide warehouse ergonomics by evaluating the risk and providing engineering controls and training your employees to perform tasks safely and efficiently. We provide driver ergonomics by training the drivers on how to use the ergonomically designed seats, cabs and steering wheels for maximum comfort and safety.

Industrial Ergonomics

We offer a full system approach that includes hiring employees that are capable of doing the job, avoiding injuries by improving workplace flow and variety and keeping workers on the job through on-site wellness services.

Pre-employment Screen Services

Pre-employment Screen Physical Assessment Services insure you hire employees that are not prone to injury. The pre-employment Screen is developed based on essential functions required to perform the work. Our screens are tailor made to help you to:

1. Balance your need for safety and recruiting during the hiring and Pre-employment Screen process
2. Complete the Screens at your facility or off site.
3. Avoid legal risk
4. Obtain the highest return on investment
5. Minimize workers' compensation payments for pre-existing conditions
